The main function of the Riding Program is to serve the students in the College by providing an active teaching program with varied riding activities that offer learning experiences and good sport. The entire program is oriented toward the riding and schooling of hunter/jumper and equitation type horses for showing, field-riding competitions, riding to hounds, and other activities. The boarding of private horses whose riders participate in the program is a smaller part of the whole program.

**ELIGIBILITY**

Under the following conditions, the Riding Program of Sweet Briar College gives students the opportunity to have privately owned horses at the College:

- **The horse must be suitable to the rider’s ability and to achieving the rider’s goals within the framework of the Sweet Briar Riding Program.** Most of the riding at Sweet Briar requires a horse schooled to go safely, cooperatively, and obediently in a group/class setting both in the ring and in the field or cross country. Most riders should have experienced and schooled horses in order to improve their riding through instruction as well as to gain educational and enjoyable experiences in one of several areas, i.e. showing hunters, equitation, jumpers, field riding, riding to hounds, or hacking out on our miles of trails. Students who board at Sweet Briar are **NOT** eligible for college-funded need-based aid, but are still eligible for any federal need-based aid and Sweet Briar merit scholarships for which they might qualify.

Preference for space at the stable will be given to qualified upperclassmen currently involved in the riding program and to the qualified student who expects to have her horse at Sweet Briar for the full college year. A first year student must complete a boarding application with a video of herself and her horse in performance from a lesson, clinic, or competition. All applications and videos will be reviewed in order as we receive them and we will respond within a month of the date we receive the completed application and video. The Director of Riding, with input from the Stable Manager and faculty, will make the final determination as to stall space. A statement on qualifications and priority for stalls will be posted on the Riding Center bulletin board. Upperclassmen should apply by February 1st to receive priority for stall space. We have always had space for suitable horses of students who apply by their designated application deadline.

To maximize the student’s experience, the Riding Program must list as generally unacceptable: unsound, mentally upset, soured, and/or rank horses and horses that are not part of the Riding Program’s focus, i.e. higher level dressage horses, upper level event horses, unstable/uneducated open jumpers, and gaited horses. The Riding Program will not allow stallions to be boarded at the facility. Tranquilizers are not allowed for riding purposes. Any horse that routinely requires U.S. Equestrian Federation controlled or prohibited medications to appear sound for regular work is also not acceptable. **Bits and tack considered by the Director of Riding to be unnecessarily severe or abusive may not be used.** Side reins, draw reins, and the like are generally not permitted to be used by students without permission of their instructor. A smooth snaffle and/or a short shank Pelham are generally recommended. The Stable Manager may consult with the horse’s regular veterinarian on questions regarding past health records. Approved, capable riders who have proven that they will devote time to consistent schooling during a six-day week will be given permission to bring green and/or young horses to the College. The establishment of these minimum standards is in the best interest of the majority of students who use the riding spaces and participate in the program.
**Board and Fees**

The program offers board with additional options and services available a la carte. There is no additional fee for riding instruction.

**Board** is $800.00 per month, and includes SBC nutritional plan, stall cleaning daily, checking for injury and picking of feet daily, turning the horse out daily (or lunging in bad weather), minor medical care, blanketing, supervision and course instruction. **Board does not** include veterinary fees, equine dentist, worming, shoeing, nursing care beyond five days, grooming, clipping, mane pulling, body clipping or braiding, special feeds or supplements and supplies.

The SBC nutritional plan has been developed in consultation with Gabriele Sutton, Equine Naturopath. The feeding program is based on a high fat, high fiber, natural grains diet that is suitable for all horses and is designed to maintain and promote a healthy digestive tract. Horses are fed a mix of crimped oats and barley with soaked flax seed twice daily.

If your horse receives supplements then you are responsible for providing them for your horse. **Any horse receiving more than one supplement must use the “Smart Pak Equine” system for supplements.** Special feed (any feed different from that provided by the Sweet Briar nutritional plan) can be ordered for the student at an additional charge of $40 per month. If your horse eats more than one special feed, it will cost $20 for each additional special feed after the first. The student is expected to groom her own horse daily (unless she has requested grooming Monday thru Friday for an additional fee of $75 per month).

Board for less than one month will be at the rate of $27.00 per day. Board, medications, transportation, and the options for long day and night turnout, grooming, tack cleaning and special feed will be billed to the student each month. Bills are to be paid to the Business Office. Any student who removes a horse from Sweet Briar prior to the end of the contracted year without approval of the Business Office through the Director of Riding will be subject to the monthly rental charge of stall space for the remainder of the contracted year. Students taking a horse from the Riding Center for an extended period of time i.e. Christmas will be charged a stall holding fee of $7.00 per day.

If a student’s horse is accepted into the program, a deposit in the amount of one half month’s board must be sent to the riding program in order to confirm and hold your stall. This deposit is non-refundable, but it will be applied toward your first month’s board.
The student must know and obey the Rules and Regulations of the Riding Program. In the interest of safety, humane treatment of the animal and the other students in the program, a student is expected to cooperate and to contribute to the Riding Program as a whole and to work her horse under the supervision of an instructor. Any student receiving two warnings for infractions of these Rules and Regulations may be asked to remove her horse from the Riding Center. Each student must be enrolled in a course or be riding under an approved plan. She should be of at least Hacker rank and should take every opportunity to prepare for and take the Hacker’s test as soon as possible. The student must be able to pass her Hacker level test on her own horse by the end of her first semester boarding at Sweet Briar, or her horse will be ineligible to remain at Sweet Briar without special permission from the Director of Riding. The student, if qualified, may show, ride to hounds, hack out, and participate in other riding activities with the College with permission of her instructor and the Director of Riding.

The Riding Program participates in competitive and other riding events off campus. Students interested sign up for each event, and the instructor makes the final decision as to who will go. We want students to have competent help at the activity, especially if something should not go well, and to have safe travel arrangements, i.e. daylight and a “back-up” plan. On special occasions, a student may transport a horse kept at Sweet Briar College herself, provided the student’s legal guardian, the owner of the vehicle and the owner of the horse (if different from the legal guardian) give specific written permission and providing the Director of Riding also gives special permission.

Riding, training, or teaching by non-Sweet Briar instructors, professionals or buyers is ordinarily not allowed while your horse is on Sweet Briar property. Any exception must be cleared with the Director of Riding several weeks in advance. The Riding Program arranges guest instructors and clinicians.

The student is expected to follow a regular schedule of health maintenance for her horse, including shoeing, worming, and dental care. The student is responsible for all related fees and should budget accordingly. See page 4 for stable management details.

If a student’s horse is injured or ill and requires a period of nursing care that requires 20 or more minutes daily beyond five days, then the student is responsible for providing this care. (For example: cold hosing and poulticing and wrapping of one or more legs on a daily basis in addition to handwalking the horse would constitute this type of care.) If the student is unable to care for their horse on a consistent basis, then the stable manager will arrange for a student assistant currently working at the stables to provide this care and the owner will be billed $10.00 daily.

The student may only be at the stable during the posted stable hours. Stable hours during the week are typically 7 AM to 8 PM Monday thru Thursday and 7 AM to 6 PM on Friday. Stable hours during the weekend are typically 7:30 AM to 5:30 PM. After stable hours, the alarm system in the stable is turned on. For the safety of the student, students are not allowed to ride or visit their horse after hours.

Changes in services: The student MUST leave a note in writing or send an e-mail to the Stable Manager for any changes in turnout, grain amounts, shoeing dates, blanketing, veterinary services, medications dispensed, etc. Changes cannot be made without written permission from the student.

The student is expected to keep her horse exercised regularly, especially the day before each class, and to be responsible for coordinating its exercise and feed. The owner understands that no other student may ride or lunge a privately owned horse unless enrolled in the Riding Program and then only with the consent of her instructor and a signed blue permission slip for each ride.
All tack for the horse, including saddle, bridle, nylon or leather halter with name-plate, cotton lead shank, bandages, and saddle pads, must be supplied by the owner and clearly and permanently labeled with the owner’s name prior to arrival at Sweet Briar. Please do not bring a chain shank for daily use for your horse’s handling unless the horse absolutely needs it for safe control. If your horse does not require a chain, please provide a cotton lead. The owner assumes all responsibility for repairing and accounting for her equipment.

Every student owned horse is required to have a waterproof turnout blanket and a waterproof turnout sheet. Each blanket should be clearly labeled with the owner’s name. Horses will not be turned out in stable blankets or stable sheets. If you want to have a light waterproof turnout sheet that will go over stable blankets for turnout, that is fine. You may have, at any given time, a maximum of THREE blankets on your stall for your horse. Any more than three is unsafe for the horse and confusing for the staff. The student is responsible for any blanket repairs that may need to be done. For the safety of the horse, horses will not be turned out in blankets that are not in good repair. Blankets need to be labeled clearly.

**A stable management course.** “Basic Horse Care” (RDPR 169) is STRONGLY recommended to be taken and successfully passed by each student having her horse at Sweet Briar. An exemption test is generally available in the first week of classes in each term.

**Shipping.** including arrival and departure, is the full responsibility of the owner. The College assumes no responsibility for loading, unloading, or vanning arrangements. The Riding Program will help coordinate shipping at the end of each college year to avoid duplication and extra charges. No horse may be removed from the stable until all outstanding blacksmith, veterinary and other bills have been paid.

The owner assumes all responsibility and risk while the horse is boarded with the College and does not hold Sweet Briar College, the instructors, or staff responsible in case of permanent disability, death, or theft of the animal. It is recommended that the owner provide her own insurance coverage since the College insurance program does not cover privately owned horses, tack, or equipment. The student must send all insurance information to the Riding Center before the horse arrives. Please complete the “hold-harmless” agreement attached.

The Riding Faculty, the Stable Manager, and the Director of Riding will review all boarding contracts at the end of the Fall Term. All new boarders will be on a trial period for their first semester. Sweet Briar College reserves the right to send home any horse deemed unsuitable during this trial period. The student will be notified on or before the commencement of Thanksgiving Break if other arrangements need to be made because of unsuitability of the horse or unsoundness.

**Summer Boarding:** Sweet Briar College’s Riding Center will pasture or full board horses for students who were enrolled in the Riding Program during the regular term. These horses are generally kept at Sweet Briar to avoid the stress of long distance shipping for the summer break, and are not typically being kept in work. There is no riding instruction or supervision for these boarders. In the summer, we also board horses for people in our summer instructional programs and clinics. See separate contract for summer boarding.
Stable Management Information

Horses are fed in the morning and evening; an extra grain feeding at mid-day is available only in special cases and in consultation with the Stable Manager. The owner will set the amount of feed with consultation from her instructor and the Stable Manager. An additional fee will be charged for the cost of any bedding not commonly used at Sweet Briar.

The student is always expected to groom her horse on Saturdays and Sundays, and clean her own tack every day she rides. A thorough twice-weekly tack cleaning service is available for an additional fee of $35 per month.

Weather permitting; horses are normally turned out individually for two hours per day by stable staff. Horses on this type of turnout will be checked and have their feet picked out after they are brought in from turnout. With permission from the Stable Manager, students are welcome to supplement this time by turning out horses themselves in the afternoon while around to keep an eye on them. A longer turnout option of six hours is available for boarders at a charge of $25 per month. Horses on a long turnout option that have chosen the grooming service will be groomed before they are turned out. Horses on long turnout will be checked and have their feet picked out after they are brought in from turnout. Turnout with a buddy is permitted with permission from the Stable Manager and a signed consent form from the owners. All night turnout is available, weather permitting, for an extra charge of $35 per month.

The College employs competent professionals (farrier, equine dentist, veterinarian, etc.) for the care of SBC horses and makes these services available to Private Horse Owners as well. Please refer to attached biographical information for professionals currently employed by Sweet Briar College. The student is also welcome to choose her own care provider, providing that the student makes arrangements for the visit with the Stable Manager in advance, it is scheduled during regular stable hours, and the student is at the stable to hold her horse.

**Shoeing:** Horses are ordinarily shod every four to six weeks. The staff will be pleased to help you in making shoeing decisions and in learning about foot care. The student should meet with the Stable Manager at the beginning of the year to discuss her horse’s shoeing schedule. The Stable Manager will then add her horse to the master-shoeing list. Any changes should be discussed with the Stable Manager. Students must be available to hold her horse for the blacksmith the first time her horse is done and on subsequent visits if necessary. If the blacksmith has a question about shoeing your horse, and cannot find you to ask, the horse will be returned to its stall and shod at a later date, when the owner is present. Special instructions or problems should be discussed with an instructor, the Stable Manager, and the blacksmith, and then entered in the horse’s individual file. The blacksmith’s fees are expected to be paid directly to the blacksmith at the time of shoeing. All horses must be shod one to three weeks prior to arrival at Sweet Briar, as it is difficult for us to schedule your horse for shoes in the first three weeks of classes.

**Dentistry:** An equine dentist visits the stable generally in October and April to check and float teeth of all horses. Students are notified of the dates in advance and are encouraged to discuss biting or health concerns with their instructor, the Stable Manager and the dentist. The dentist will check all private and Sweet Briar horses. Work needed will be performed at that time and the student’s monthly board bill will be charged. Students must inform the Stable Manager in advance in writing if they do not want their horse checked.

**Veterinarian:** The Riding Program uses a local veterinarian, a visiting veterinarian/chiropractor, and for special consultation, veterinarians in Charlottesville. The veterinarians in Charlottesville necessitate shipping the horse. If we have a group of horses for them to see, they will come to us. The owner may have any veterinarian of her choice for consultation or treatment at any time. Owners are asked to make any requests for a veterinarian through the Stable Manager. Whenever feasible, a veterinarian will administer all internal medications. Sweet Briar stable staff, only in certain situations, will administer internal medications as needed under veterinary supervision unless an owner specifically requests in writing to the Stable Manager or on the
back of this form that only a veterinarian administer internal medications. Bills from the veterinarians should be paid directly to their offices in a timely fashion.

**Inoculations** should be given at least annually. Private horse owners are **required** to have the vet booster their horses for Influenza and Rhinopneumonitis when Sweet Briar horses are done, usually in late October, December, February and April. **Annual vaccinations should be planned so that your veterinarian at home does them before leaving for Sweet Briar.** Prior to arrival at Sweet Briar College, we require a current veterinary certificate of:

1. Influenza vaccine and booster (*required annually*)
2. Tetanus vaccine and booster (*required annually*)
3. Eastern and Western Encephalitis vaccine and booster (*required annually*)
4. Rhinopneumonitis vaccine and booster (*required annually*)
5. Rabies vaccine and booster (*required annually*)
6. Potomac Fever vaccine and booster (*required annually*)
7. West Nile vaccine and booster (*required annually*)
8. Strangles (*required annually after initial and booster shots*)
9. Proof of a negative Coggins test (*good for the entire school year*)

We strongly recommend that you plan your horse’s vaccination schedule so that it does not receive all of these vaccines at one time or just prior to shipping.

Please send a copy of your Coggins and proof of vaccinations to the Riding Center by **August 10th**, before the school year begins. Horses without a negative Coggins on file will not be allowed in to the stable.

**Worming:** All horses including private horses will be wormed during the academic year according to the following schedule:

- November – Equimax
- March – Ivermectin

A notice will be posted on the board and you will be notified by e-mail prior to each worming with the type of worm medicine. The Stable Manager should be notified in writing of any exceptions for your horse at that time. This schedule has been recommended by our veterinarian to insure the best health for our horses and the least interruption of your riding schedule. If you would like to alter this plan, please see the Stable Manager.

**Veterinary emergencies:** In cases where emergency attention to a sick, lame, or injured horse is deemed necessary, the stable staff is instructed to call the veterinarian at the owner’s expense, give immediate pre-vet treatment, contact the Stable Manager and try to contact the student. It is recommended that the stable office be given the number where the owner might be reached when she leaves campus. The Stable Manager reserves the right to have any horse tested or evaluated by a licensed veterinarian. Generally, if the student is available, she would be told prior to the examination.

**Veterinary care by stable staff:** There will be a fee charged for veterinary care by Sweet Briar College staff. The cost of veterinary supplies used reflects the actual cost to the College to purchase the medications. These prices intentionally reflect no profit. If a student’s horse is injured or ill and requires a period of nursing care that requires 20 or more minutes daily **beyond five days**, then the student is responsible for providing this care. If the student providing the treatment for their own horse is not carrying it out regularly, on schedule and correctly, then the stable manager will arrange for a student assistant currently working at the stables to provide this care and the owner will be billed $10.00 daily.
Professionals Used by the Sweet Briar College Riding Program

Veterinarians:

The Sweet Briar College Riding Program works successfully with several veterinarians. The most frequently used are Dr. Reynolds Cowles of Blue Ridge Equine, Dr. Suzanne Shalet, Dr. Martha Moses and other local equine vets in the Amherst/Lynchburg area.

Dr. Suzanne Shalet, VDM, owns Allaround Equine Veterinary Care, Inc. in Bedford, Virginia, just down the road from Sweet Briar. She is a graduate of the University Of Pennsylvania School Of Veterinary Medicine. Her practice is limited to horses and encompasses all general and preventive care, and medicine. Dr. Shalet provides on call service to Sweet Briar College.

Dr. Reynolds Cowles is both a nationally and internationally known equine practitioner who specializes in lameness from his Blue Ridge Equine Clinic near Charlottesville, Virginia. He has over 35 years of experience working with top show hunter, racehorses, breeding stock, polo ponies and foxhunters. He is a rider himself and he and his wife stand four stallions at their “Albemarle Stud”.

Dr. Martha S. Moses, DVM, owner of Eclectic Equine Veterinary Services visits as needed through the school year to give chiropractic adjustments and acupuncture treatments to horses in need.

Equine Dentist:

Annually, the Riding Center contracts with a qualified equine dentist. He examines and floats teeth of horses in need twice per year. His work helps horses use feed more effectively as well as often corrects bitting/head “position” problems caused by sore or uneven teeth.

Farriers:

We use several qualified farriers. Their talents and weekly visits to our stable keep our horses sound and working well. We consult regularly with a veterinarian/blacksmith and our own veterinarians for soundness/shoeing help.

Nutritionist:

Gabrielle Sutton of KAManimal Services works with us to develop the best nutritional and supplementation plan for our herd of horses. She visits the campus at least once each school year.
Agreement for Boarding Horses at SBC

Please be detailed and accurate in supplying information about your horse and its training level and competitive experience, as well as the goals you hope to accomplish with this horse while at Sweet Briar. This information, along with your video, will be used in determining your horse’s acceptance into the program. Incomplete or inaccurate information may result in our exercising our right to send your horse home during the trial period.

SPECIFIC INFORMATION ABOUT THE HORSE:

a. Name (barn & show name if different) __________________________ Age _________ Sex _________
   Color _________ Height _________ Breeding _________ How long owned? _________

b. Experience:

________________________________________________________________________

c. Current level of schooling and performance:

________________________________________________________________________

d. Schooling problems:

________________________________________________________________________

e. What is your plan for your horse if he should come to Sweet Briar College?

________________________________________________________________________

f. Are there any special handling problems, i.e. need tranquilizer for clipping? Need tranquilizer or to be held for shoes? Crib? Bite? Crosstie easily? Hauling problems, i.e. does not load easily, needs sedation to ship? Prone to colic or had colic surgery?

________________________________________________________________________

g. Are there any soundness issues?

________________________________________________________________________

h. Does your horse require any of the following: joint injections, joint supplements, adequan, isoxsuprine?

________________________________________________________________________

i. Does your horse show on any medications? Bute, banamine, robaxin, etc?

________________________________________________________________________

j. What daily supplements does your horse receive?

________________________________________________________________________

I would like to have the horse described above at Sweet Briar College during the school year 2010-2011. If permission is granted, the horse will arrive at Sweet Briar College on approximately _______________ and will leave on approximately May 15, 2011. The student/owner agrees to be responsible for assigned stall space for this period.

**Medications:** I give permission to the Sweet Briar College staff to give medications (including injections) to my horse under the advice and direction of a veterinarian. Yes _________ No _________

**Lunging:** I give permission to the Sweet Briar College staff to lunge my horse for exercise in bad weather or no turnout situations. Yes _________ No _________

**Turn Out:** I give permission to Sweet Briar College staff to turn my horse out in any weather (including mud and rain). I will be responsible for any injury incurred during wet turnout conditions. Yes _________ No _________

**Group Turn Out:** I give permission for my horse to be turned out in a paddock with one other horse belonging to a Sweet Briar student. I understand the risks involved in group turnout, and I will be responsible for any injury incurred during a group turnout situation. Yes _________ No _________

Page 8 of 11 12/14/09 2010-2011 Board Application
Please return this page.  

Keep pages 1 – 7

**Extra Services:** Please indicate with a check mark which of the extra services you plan to use. This will help us in planning turnout and scheduling staff.  

- Special Feeds ($40 for 1st, $20 for each additional special feed)  
- Grooming ($75)  
- Tack Cleaning ($35)  
- Six Hour Day Turnout ($25) or  
- Night Turnout ($35)

I understand that on receipt of the acceptance letter for my horse, I will have two weeks to return a non-refundable deposit equal to one half of the first month’s board in order to guarantee my stall reservation. This deposit will be applied toward the first full month’s board.

Name of Student: ____________________________________________ Social Security #: ____________________________

I have read the above statement and the preceding policies of this contract and agree to uphold them.  
I understand that my horse must arrive with a negative Coggins test good for the entire school year, proof of appropriate shots, and labeled equipment. I fully understand that if I should fail to comply with the above, or if my horse is considered unsuitable, I forfeit the privilege of keeping a horse at Sweet Briar. My signature indicates my agreement to be responsible for the assigned stall space for the entire academic year. I understand that if I choose to move my horse prior to the end of the academic year, that I must notify the Director of Riding two weeks prior to my horse’s removal and that I maybe held responsible for the boarding fee for the remainder of the semester.

EQUINE ACTIVITY RELEASE / WAIVER,  
ASSUMPTION OF RISKS AND INDEMNIFICATION  
AGREEMENT (the “Agreement”)  

I, as participant or parent or guardian of participant, acknowledge that equine activities are athletic activities that pose potentially serious risk of injuries or death to participants in equine activities. I acknowledge that there are certain intrinsic dangers or conditions that are an integral part of equine activities, including but not limited to, (i) the propensity of equines to behave in ways that may result in injury, harm, or death to persons on or around them; (ii) the unpredictability of an equine's reaction to such things as sounds, sudden movement, and unfamiliar objects, persons, or other animals; (iii) certain hazards such as surface and subsurface conditions; (iv) collisions with other animals or objects; and (v) the potential of a participant acting in a negligent manner that may contribute to injury to the participant or others, such as failing to maintain control over the equine or not acting within the participant's ability (collectively, “Intrinsic Dangers of Equine Activities”). I understand that participants in equine activities may be injured or killed as a result of their own negligence, the negligence of others or through no fault of participant or anyone else.

In consideration of Sweet Briar College (the “College”) allowing participant to participate in equine activities at the College, on behalf of myself and my heirs, successors, and assigns I hereby release and waive any rights to make any claim against the College, its employees, agents and representatives for any loss, damage, injury, or death to person or property sustained by participant in equine activities by any cause whatsoever, including but not limited to, (i) the Intrinsic Dangers of Equine Activities; (ii) the experience level of any participant; (iii) a known or unknown health condition of any participant; and/or (iv) the condition and age of equipment or tack. I hereby acknowledge and assume all of the foregoing risks and any other risks inherent in equine activities and accept complete responsibility for making any and all examinations or inspections relating to those risks and any other potential risks of recreational activities, and I agree and understand that Sweet Briar College shall have no responsibility whatsoever to make any such examination or inspection. I further assume all risk of participating in equine activities, and agree to indemnify and hold harmless the College Sweet Briar College, it's employees, representatives and agents from and against, all of the foregoing claims and any and all loss, damage, injury, or death to person or property by whatever cause including any act or omission negligent or otherwise, on the part of the College, its employees, representatives or agents, or on the part of any other person arising from or related to participation in equine activities.

With this waiver, I accept notice of the provisions of the Virginia Equine Activity Liability Act, Va. Code §§ 3.1-796.130 through 133. This waiver shall remain valid unless and until revoked in writing by the participant or the parent or guardian of any minor signing below, with receipt acknowledged by the College.

I hereby certify that the statements and representations in this Agreement are being made by me knowingly, freely, and voluntarily, and I understand that the College is expressly relying upon the foregoing statements and representations in permitting my/my child’s participation in any equine activities.

PARENT OR GUARDIAN RELEASE, WAIVER AND EMERGENCY MEDICAL AUTHORIZATION

I am the parent or guardian of _________________________, a minor. On the behalf of myself, the minor, and all other parents or guardians of minor, and the respective heirs, successors, and assigns of each, I accept, acknowledge, and agree to the release, indemnification and waiver of liability contained in this Agreement as inducement for allowing my child, or this minor, to participate in equine activities at or through the College and I execute this Agreement on behalf of the participant and my own behalf.

In the event that participant is injured while participating in equine activities at the College, I hereby give my permission to any physician and any health care facility to render any appropriate medical care to the participant, including but not limited to hospitalization, tests, medication, anesthesia and surgery. A copy (including facsimile) of this Authorization shall have the same effect as the original.
